Summary

Finance Engineer and Team Lead who automates bookkeeping, FP&A, and **month-end close** for multi-channel e-commerce businesses and SMEs, cutting manual workload by **30–40%**. MBA-Finance with 10+ years combining hands-on accounting, financial analysis, and AI-assisted automation to deliver audit-ready financials, uncover profit leaks, and build client-facing dashboards. Manages a team serving international clients across US, UAE, and Canada.

Experience

LeapAI Solution Remote, Karachi
Finance Team Lead 01/2026 - Present

Lead finance operations for a bookkeeping agency serving international clients

- Lead a bookkeeping team serving a diverse portfolio of e-commerce and SME clients across the US, UAE, and Canada, **ensuring compliance** and delivering audit-ready financial statements.
- Created **automated data pipelines** integrating Amazon Seller Central, Sellerboard, Stripe, and Shopify into QuickBooks Online, reducing manual data entry by 40% and eliminating reconciliation errors.
- Delivered **full-cycle bookkeeping** for multi-channel Amazon FBA client (360 LLC); produced YTD P&L, FBA inventory valuation, covenant compliance reports, and uncovered .9M in revenue underreporting at Kingdom LLC.
- Re-engineered **9-channel sales reconciliation** for Dubai-based restaurant (Burns Road) spanning Talabat, Deliveroo, Keeta, Noon, Zomato, UTAP, and Magnati; built interactive dashboard and prepared UAE Corporate Tax financial statements for FY2025.
- Conducted **full financial review** for US courier business (Ghostro Delivery), converting Chase PDF bank statements and Venmo data to QBO; identified 25.9% revenue growth and 9K profit swing.
- Performed QuickBooks Desktop-to-Online migration **variance analysis** for Canadian construction firm (Sletten), identifying and documenting .1M+ in cross-system discrepancies.
- Developed and delivered training curriculum in QuickBooks Online, Odoo, and Advanced Excel, standardizing workflows and elevating team efficiency.

Fiverr, Direct Clients Remote
Freelance QuickBooks Bookkeeper 02/2015 - 12/2025

- Designed **customized Chart of Accounts** and streamlined month-end processes, reducing client reporting cycles by up to 30% and generating 15%+ average cost savings through variance-driven insights.

Habibullah Khan & Co Karachi, Pakistan
